(I usually have a few binders for \$38.00)

Course Description:

IEW has been created for all learning types. My goal is “CONFIDENCE” and “SUCCESS”. I will guide them through the writing process to achieve this. Although our focus is writing, we do complete in-class grammar usage exercises. We also have grammar built-in to the program. Literature suggestions are listed for each assignment if you choose to do so at home at your own pace. Every unit has a “model” to help them understand HOW to write and HOW to organize an essay, report, or story with ease.

Homework may take 30-90 minutes weekly. I also have a “GAME DAY REVIEW” most months where they collect tickets for our semester-end auction.

IMPORTANT INFORMATION: I send out weekly emails about class information including assignments. PLEASE READ THESE and make sure I have the correct email on file to get those to you.
