Course Description: These lessons are for beginning piano players. We will be learning fingering, music notes, and easy/beginner songs. Lessons will be 30 minutes of playing at the piano and 25 minutes of tech music review and worksheets. We will also hopefully have an opportunity for a recital at some point during the school year.

Instructor Background: Hi! My name is Alison Ranck! I am a homeschooled Echo graduate of 2021 and I'm excited to teach your child piano! I have been playing piano for 7 years and teaching piano at Echo for 3. I also sang in the Central Oklahoma Homeschool Choir for 8 years! I have Mosaic Down Syndrome, which means I am affected by a small percentage of trisomy 21 in my genetic makeup. This does not tend to impact my piano lessons, but I like to let families know in case they have any questions or concerns. I love music and hope to inspire that in my students!
