(I *MIGHT* have a few books available for \$38.00)

Course Description:

THIS IS NOT A HISTORY CLASS, nor would it count for a history credit. IEW has been created for all learning types. No prior experience in IEW is needed. Each week we will have a history-based writing lesson focusing on stories of the past.

- a specific subject and structure.
- stylistic techniques to enhance your writing.
- an introduction to new vocabulary words
- writing practice.

I am a huge fan of reinforcing concepts with gameplay, so most months will involve a game day review where they can earn tickets for our semester-end auction.

IMPORTANT INFORMATION: I send out weekly emails about class information including assignments. PLEASE READ THESE and make sure I have the correct email on file to get those to you.
